

'Rolastep' Flanging Tool - 17mm 04230000

'Rolastep' Flanging Tool - 12mm 04240000

- For producing a continuous stepped flange (lap joint)
(17mm wide - model 04230000)
(12mm wide - model 04240000)
- Light-weight portable edge setter, used to produce a continuous stepped flange along the edge of sheet metal
- Creates a 'joggled' lap joint suitable for adhesive repair work on replacement body panels
- For recessing inspection panels, fitting sun roofs and general stiffening work on sheet metals
- Will tackle straight, curved or corrugated edges on sheet metal 0.5 to 1.2mm thick (24 to 18swg)
- Simple and easy to use, with either spanner, or socket and ratchet
- Handles made from drop forged high quality alloy steel for strength and durability
- Small diameter twin drive rollers can be adjusted to the correct gauge of metal to prevent thinning or distortion

'Rolastep' spare parts:

- 04240100 Replacement drive, gear, screw and bush
- 04240200 Replacement 12mm rollers kit
- 04240300 Replacement 17mm rollers kit

Note: Replacement rollers can be also used to convert one model to the other

Reference	Dimensions	Step width	Step depth	Min Radius Flat sheet	Min Radius Corrugated	Capacity	Weight
04230000	290 x 60 x 70 mm	17mm	1 mm	33 mm	12 mm	0.5 - 1.2mm (24 - 18swg)	1.15kg
04240000	290 x 60 x 70 mm	12mm	1 mm	33 mm	12 mm	0.5 - 1.2mm (24 - 18swg)	1.00kg

Door Skin Crimping Tool

04310000

Portable hand held crimping tool suitable for bending and crimping flanges when replacing door skins and body panels.

- Tough, replaceable nylon pads prevent damage to door skin when crimping flanges
- 2 nylon pads supplied,
32mm wide for limited access,
50mm wide for faster crimping on straight edges
- High quality chrome plated tool with pvc coated handles for comfort

Crimping the panel flange

Spare parts:

- 04310100 32mm nylon pad
- 04310200 50mm nylon pad

Reference	Length	Handles	Jaw width	Nylon Blocks	Weight
04310000	310mm	200mm	16mm	32 x 22 small 50 x 22 large	0.81kg
