

Duo Brake Pin Punches

- Specially designed punches for removing and installing stubborn brake pins
- Short side for loosening the pin - Long side for pushing pins out
- Duo design minimises risk of damage to pins and calipers

Duo Brake Pin Punch 3mm 03561300

- Universal applications inc. Mercedes

Duo Brake Pin Punch 4mm 03561400

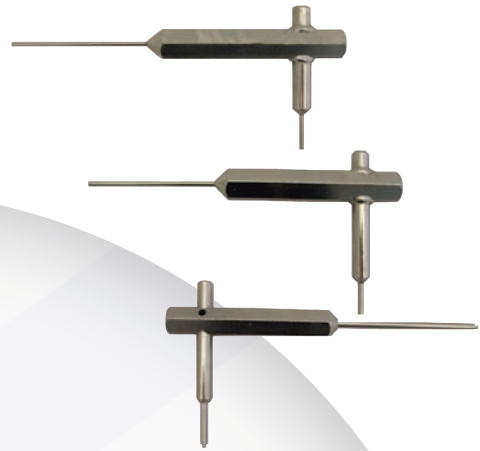

- Universal applications

Duo Brake Pin Punch 5.8mm 03561600

- GM Vauxhall / Opel stepped punch for hollow spring pins

Duo Brake Pin Punches 03562000

- Set of three Duo Brake Pin Punches

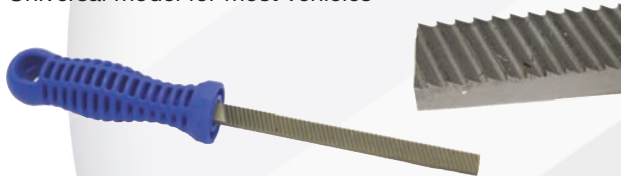

Brake Caliper Cleaning Files

- Scraping file for removal of coarse residue on Brake Calipers
- Special scraping surface saves time and is more effective than standard files because the coarse tooth design will not clog

Caliper Cleaning File

03620100

- Universal model for most vehicles

Caliper Cleaning File

03620200

- Special extra slim model for Japanese vehicles

Caliper Hex Wrench - 7mm

66066000

7mm applications -

Caliper bolts on Ford Escort, Fiesta & Orion - Valve setting on VW Golf & Polo 1.05, 1.1 and 1.3 litre.

Brake Spring Tool

03590000

- For removing and replacing brake shoe 'pull-off' springs.
- Cranked for easy access, with a grooved tip for stretching the spring.

Brake Spring Plier - Standard Model for Car / Van applications

03701100

Brake Spring Plier - Large Model for Van / HGV applications

03701200

- For the safe and easy removal of brake shoe springs.
- Can be used in either RH or LH brake assembly situations.
- Cross cut floating swivel head minimises risk of damage to components.
- Provides controlled compression of the brake spring for easy removal.

Part Number	Spring Wire Diameter	Length	Depth	Weight
03701100	3mm	230mm	32mm	0.230kg
03701200	3mm	350mm	83mm	0.580kg

Brake Hose Clamps (2)

02150000

- Lightweight, adjustable clamps for flexible hoses.
- Ideal for brake, fuel or cooling system hoses, particularly where access is restricted.
- Supplied as a set of 2.

Brake & Fuel Line Clamp

03570000

Lightweight, non-conductive, glass reinforced nylon clamp.

This type of clamp is particularly useful where the clamp needs to be left on the brake line for an extended period, - eg body repair shops.

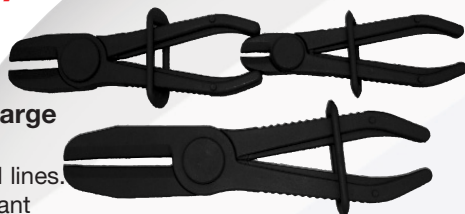

Plastic Hose Clamp Plier Set (3)

03575000

Set of three Hose Clamp Pliers - small / medium / large

Ideal for Brake & Fuel lines. Also suitable for coolant hoses, aircon hoses etc.

Ratcheting Hose Clamp Plier Set (3)

03579500

Set of three Ratcheting Hose Clamp pliers - small / medium / large

Patented ratcheting mechanism, provides secure and safe locking and release.

Ideal for Brake Hoses & Fuel Lines Also suitable Radiator and Coolant hoses, aircon hoses etc.

Hydraulic Hose Clamp

66065000

- Rubber sprung clamp, suitable for brake and fuel line hoses.

Brake Disc Run Out Set (Magnetic Base & DTI Gauge)

07610100

- Used for measuring disc run-out.
- Powerful magnetic clamp, with on/off lever for easy removal from surfaces.
- Suitable for both flat and round surfaces
- High quality Dial Test Indicator Gauge with floating scale (07712000).
- Universal clamp for DTI with fine adjustment (07610000).
