

## Hydraulic Puller & Separator Set

15520000

supplied in steel case

- Contains component parts to make 4 different 2 or 3 leg pullers, plus bearing separator kit as per the table below:

| REFERENCE | SPREAD                 |          | REACH             |     | EXT TRAVEL<br>ins |

### Comprehensive Puller, Separator & Extractor Set

15530500

- Combines ref. 19310500 and 15510500 (as above) to make the most comprehensive set of pulling, separating, and extracting options available
- Ideal workshop set for applications where a wide variety of pulling and extracting problems are likely to be encountered on a daily basis
- Supplied on 2 x wall mounted storage panels for ease of use and access
