

Alloy Wheel Nut Socket Set 69050000

Plastic coated impact sockets to minimise marking / scratching of alloy wheels, when the wheel nuts are heavily recessed into the wheel design.

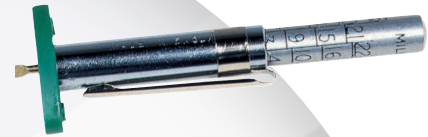

Contents :

Set of 5 slim deep wheel nut impact sockets - 1/2" sq dr. 17 - 19 - 21 - 22 - 24mm hex

Tyre Tread Depth Gauge 03280000

- MOT approved gauge, c/w pocket clip.
- Measures 0 – 26mm in 1mm increments.
- Inc. 1.6mm depth measurement for MOT regulations.

Digital Tyre Tread Depth Gauge 07650000

- Digital Tyre Tread Depth Gauge 0 - 25mm / 0 - 1"
- Large LCD Display
- Hardened and tempered stainless steel gauge.
- Metric or imperial read-out.
- Zero setting for comparative measurements.

Specification:

Range	0 - 25mm / 0 - 1"
Resolution	0.01mm / 0.0005"
Accuracy	0.05mm / 0.0002"

Tyre Pressure Gauge – Dial Type 66074000

- Shock protected dual-scale gauge, manufactured to BS EN 12645.
- 62mm diameter gauge.
- Scales: - 0 – 50 psi. / 0 – 3.5 bar.

Tyre Pressure Gauge – Pencil Type 66074500

- Metal gauge with valve core remover and pocket clip.
- 120mm pencil gauge.
- Scales: - 6 – 50 psi. / 0.5 – 3.4 bar.

Heavy Duty Power Bars

- Manufactured from Chrome Vanadium steel
- Suitable for the most rugged of working environments
- Replacement Impact Square Drive supplied with each Power Bar

88005000 1/2" sq dr x 600mm Heavy Duty Power Bar
 88007500 3/4" sq dr x 1000mm Heavy Duty Power Bar
 88010000 1" sq dr x 1000mm Heavy Duty Power Bar

Spare Parts :

88005100 1/2" Replacement Impact square drive head
 88007100 3/4" Replacement Impact square drive head
 88010100 1" Replacement Impact square drive head
